=====

No Capo

[Intro]

Em D/F# G
C D Em

[Verse]

Em **D/F#** **G**
It was like a movie scene
 C **D** **Em**
A cut out from a magazine
Em **D/F# G**
We are not even real
 C **D** **Em**
Nor are the things we think we feel
 Em
Going back to 030
D/F# **G**
Fly for 20 hours or so
 C **D Em**
A thousand miles apart in heart and soul
 Em
Now the rubber's burning
D/F# **G**
Now the wheels are turning
 C **D Em**
I won't care as long as you do-o-on't

[Chorus]

Em **D/F# G**
We go driving in your black car
C **D** **Em**
Pick me up and love fast
 Em **D/F# G**
We go driving in your black car
C **D** **Em**
Pick me up and love fast

[Interlude]
